

**EXECUTIVE DEPARTMENT
STATE OF CALIFORNIA**

EXECUTIVE ORDER N-15-25

WHEREAS on January 7, 2025, I proclaimed a State of Emergency to exist in Los Angeles and Ventura Counties due to fire and windstorm conditions that have now caused multiple fires, including the Palisades, Eaton, Hurst, Lidia, Sunset, and Woodley Fires; and

WHEREAS since the fires began, I have issued several Executive Orders to provide relief to impacted communities, protect survivors and to expedite and aid recovery efforts; and

WHEREAS these fires have devastated communities across the Greater Los Angeles Area and have collectively burned over 47,900 acres, destroying or damaging more than 16,250 structures, including homes, small businesses, and places of worship, with initial estimates placing this disaster among the most destructive in California history; and

WHEREAS these fires have destroyed entire neighborhoods and communities, leaving residents and other impacted individuals traumatized and uncertain about the status of their homes, property, businesses, places of worship, and other community locales; and

WHEREAS expediting and aiding recovery means helping businesses and business owners get back on their feet, which, in some instances, may require moving to new locations without undue cost, delay, or limitations on their operations; and

WHEREAS individuals whose businesses have been damaged or destroyed as a result of the emergency may struggle to pay licensure fees on time, and should not have to pay for a duplicate or replacement of a license certificate that was burned or destroyed; and

WHEREAS individuals whose businesses have been damaged or destroyed as a result of the emergency may need additional time to address appeals of disciplinary and other proceedings; and

WHEREAS under the provisions of Government Code sections 8571, I find that strict compliance with various statutes and regulations specified in this Order would prevent, hinder, or delay the mitigation of the effects of these fires and windstorm conditions; and
